6/3/26

=====

Keshva reported he lost power.

R5 is in the switchboard near the upstairs kitchen. I did look at this & thought I had reset R5, but the power didnt come back.

9/3/26

=====

Logged a call with Impulse 9/3/26 & they did what I had done, except it worked!

Note B2 (as in Black 2) designates neutral.
